

This file contains the Wave 10 questionnaires (B- and K-cohorts) in the following order:

1. Young Person CAWI/CAWSI
2. Young Person CASI
3. Young Person CAI
4. P1/P2/PLE CATI

Each questionnaire has been annotated with the variable names in {curly brackets} and question positions in [square brackets]. Populations appear in < less than and equal than signs >, however the Population is not shown when a question was asked of all respondents.

Warning: This PDF (Young Person CASI section) includes content about acute mental health issues.

If you or someone you know is in crisis call Kids Helpline on 1800 55 1800 or Lifeline on 13 11 14. Both are available from anywhere in Australia 24 hours a day (toll free) and provide generalist crisis counselling, information and referral services.

The Suicide Call Back Service, 1300 659 467, offers free professional 24/7 telephone counselling support to people at risk of suicide, concerned about someone at risk, bereaved by suicide and people experiencing emotional or mental health issues.

Call Police on 000 any time you are worried about your safety or the safety of another person.

The next questions are about the help you provide to people who have a long-term health condition, disability or are elderly. This may be someone in your family or someone else.
 Examples of this might be helping the person to wash or dress, cooking for them and helping them to move around or to communicate with others.

Do you help someone who has a long-term health condition, a disability, or is elderly, with activities that they would have trouble doing on their own?
 We are interested in help you have given or are likely to give for at least 6 months.
